

# I'm Thanking You For Mine<sup>©</sup>

Writer: Robert E Jones  
R E Jones Publishing/ASCAP

## V.1

While walkin' to the kitchen, I saw Jerry Springer on TV  
Lord the people on there talkin' seemed mighty strange to me  
But then I grew up in the country, in the hills of Arkansas  
Where the biggest problem that we had, was keepin' weeds from growin' tall

## Chorus

I turn the pages of my life and as I watch them passing by  
I see my father growin' old, my children growin' up, and the beauty of my wife  
I didn't know I'd be this happy, or that life would be so fine, so fine  
So if no one else should say, their life has been ok, well I'm thankin' you for mine

(last chorus repeat)

I didn't know I'd be this happy, or that life would be so fine, so fine  
So if no one else should say, their life has been ok, well I'm thankin' you for mine

## V.2

I grew up takin' walks under blue skies through the woods  
Now today we've got Nintendo<sup>®</sup> I just don't think that's as good  
All the runnin' people do today it's got to wear against our souls  
And the problems that we're having is 'cause our hearts have grown too cold (chorus)

## Bridge

Every day I live is like a dream that's coming true  
For every blessing that you give Lord I'm giving thanks to you  
(return to chorus)
