V.1

I see you runnin' through the trees
To find your way to me
Cause you're never very far
From your daddy
We're gonna chase a squirrel or two
Cause that's what we like to do
And then when we're all through
We'll build a fire

Just embers

Bridge

They say a dog's a man's best friend
And that's exactly how it's been with me and you (*to chorus*)

D.O.C. 2020

Chorus

Odin, the good ol' mountain cur
White and brindle fur
With the sun on your shoulder
Runnin' and playin' all the time
I'm sure glad you're mine
Especially that I'm older now...

Vs.2

When the days are not as long
And the squirrels are mostly gone
We'll sit down by the fire
And remember
Man we chased a squirrel or two
Cause hat's what we liked to do
But now the fire's nearly through
