Chorus

Well the Lord is a Rock, He's a shelter from the storm
The Lord is a Rock, He keeps me safe and dry and warm
When troubles surround me, there's only one place I run
I run to the Lord, cause the Lord is a Rock (repeat after 3rd chorus)

(tag last chorus)

When troubles surround me, there's only one place I run
I run to the Lord, I run to the Lord, in a dry and thirsty land,
I run to the Lord, well I run to the Lord, cause the Lord is a...Rock
The Lord is a...Rock

v1

Many there be that rise up against me.
They say of my soul, God will not help him
But You are a shield to me, You are my glory
You lift up my head, cause You're a Rock (to chorus)

v2

Now in my distress, in my dark hour
I cried unto God, I cried for His power
He heard my voice, He heard from His temple
He answered my call, cause He's a Rock (to chorus, then instrumental)

v3

Now the sorrows of death, they surrounded my soul
They tried to bring me, bring way down low
But while I was sinking, You lifted me up
You set my feet-You set 'em on the Rock (to chorus)
