

Things You Don't Find©

Writer: Robert E Jones

Verse

I can run up to the store, if you need a couple more
They'll have plenty of anything you need, 24/7 if you please
This city livin's been convenient you can bet, it makes it easy there's no doubt
Sometimes I think it makes it easy to forget, what real livin's all about

Chorus

Like sittin on the porch when it gets kinda sunny
Biscuits and butter and home-grown honey
Eatin' from a garden that we grew all by ourselves
Your hand in mine when we go walkin'
Laughin' and dancin' and sittin' round talkin'
'Bout things that we don't tell nobody else
These are the things in life I love so well
The things you don't find sittin' on a shelf

Bridge

Sometimes I think while we are checkin' out
We should just load up the dogs and head on out
We could find a cabin sittin on a hill
And rediscover all the little thrills

Chorus

Like sittin on the porch when it gets kinda sunny
Biscuits and butter and home-grown honey
Eatin' from a garden that we grew by ourselves
Your hand in mine when we go walkin'
Laughin' and dancin' and sittin' round talkin'
'Bout things that we don't tell nobody else
These are the things in life I love so well
The things you don't find sittin' on

Sittin on the porch when it gets kinda sunny
Biscuits and butter and home-grown honey
Eatin' from a garden that we grew all by ourselves
Your hand in mine when we go walkin'
Laughin' and dancin' and sittin' round talkin'
'Bout things that we don't tell nobody else
These are the things in life I love so well
The things you don't find sittin'
Some folks don't know they're missin'
All the things you don't find sittin' on a shelf
