

When You Reached Out Your Hand©

Writer: Robert E Jones

v1

I searched all my life but everything I tried
Couldn't fill the void I had inside
But then You came to me and now I understand
How You set me free when You reached out Your hand

Chorus

When I gaze at the sky, my heart wonders why, why You loved us so much
That You came from so far, bringing all that You are, just to live among us
And You paid such a cost for that which was lost, to buy back Your man
Who had fallen so low we had nowhere to go, when You reached out Your hand

(last chorus tag)

Reached out Your hand
When You reached out Your hand

v2

Nothing in my life compares with Your love
Or the blessings that You give from above
So I bring You joyfully everything I can
Like You did for me when You reached out Your hand (to chorus)

Bridge

And the heaven's declare Your glory
The rocks cry out Your praise
Let all creation tell the story
Until the end of days (to chorus)
